Dear Administration,

I have conducted an evaluation of the feedback survey among the students at Sharkragowda College of Education for the academic year 2022-2023, aiming to assess their experiences and opinions on various aspects of the institution. The objective of this report is to offer an overview of the feedback received, emphasizing both the strengths and areas for improvement as perceived by the students during this academic period.

Strengths:

Throughout the academic year 2022-2023, the institution demonstrated excellence in several key areas:

- **Teaching Competencies:** Students highly value the expertise and knowledge demonstrated by the faculty members, indicating the high quality of education delivered by qualified professors.
- **Learning Environment:** The institution has been commended for maintaining an environment conducive to effective teaching and learning.
- **Reputed Institution:** Students express pride in their association with a prestigious institution affiliated with the University of Mysore and express a desire for its continual excellence.
- **Field Trips:** There is a noticeable demand among students for more field trips to enhance their educational experience, providing practical exposure and bridging the gap between theory and real-world applications.
- **Job Fairs:** Students have suggested organizing job fairs to improve their career prospects, allowing them to interact with potential employers and explore employment opportunities.
- **Inter-College Programs:** There is a desire for increased inter-college programs to facilitate interaction and collaboration among students from different institutions, fostering holistic development.
- **Timely Syllabus Completion:** Students emphasize the significance of adhering to the designated syllabus completion timeframe, ensuring comprehensive coverage and

sufficient revision, which has been managed professionally and received positively by students.

Areas for Improvement:

During the academic year 2022-2023, students identified specific areas for improvement:

- **Transportation and Canteen Facilities:** Students recommend providing bus services and enhancing canteen services to improve convenience and the overall student experience.
- **Integration of ICT:** Students suggest integrating information and communication technology (ICT) in classrooms to enrich the learning experience and keep pace with educational advancements.
- **Communication Skills:** Students appreciate and recommended the efforts of teachers to enhance their communication skills, recognizing the importance of effective communication in maintaining a productive learning environment.
- **Curricular Activities:** Engagement in curricular activities has contributed to students' overall development, offering opportunities to explore their interests. Many students recommended for some developments in this particular area as well.

I believe that this feedback report for the academic year 2022-2023 offers valuable insights into the students' perspectives and expectations from the institution. Considering these suggestions will play a crucial role in further enhancing the teaching-learning process and the overall student experience at Sharkragowda College of Education.

Should you require any additional information or assistance, please feel free to contact me.

With Regards!

Samson R. Victor
